- Designed and made in UK

COOL VEST

Code MFNS15180
Sizes S-XXXL

In conjunction with cooling experts TechNiche, the Triumph Cool Vest is a must for the hot weather. The combination of unique fabrics creates a water management system. The unique TechNiche Cooling fabric absorbs, stores and releases water within the multi-layered material. Water is released through evaporation, energy is consumed, and a chill effect is created.

- Lightweight, durable and non-toxic
- Easy to activate and reusable, simply submerge in water and squeeze dry
- Offers many hours of cooling relief and protection
- Better concentration whilst riding

DISTINGUISHED GENTLEMEN'S RIDE

The Distinguished Gentleman's Ride is all about dapper suits, classic bikes, laughter and men.

This motorcycle ride takes place annually in over 220 cities worldwide on the same day. The only event of its kind, the ride is dedicated to raising funds to combat prostate cancer, the disease that affects 1 in 8 men worldwide.

In 2014, Triumph decided that the Distinguished Gentleman's Ride captures everything to be celebrated about motorcycling, and so proudly supported the 2014 ride. With over 20,000 riders taking part in 57 different countries across the globe, the DGR raised over £900,000.

Since then, Triumph has been supporting the ride more than ever to help the chaps over at the DGR push their total even higher!
